The Game

After the desired stakes have been chosen the game is started with *START*. After the reel run the achieved winning combination is displayed among others by illuminated win lines and the win is added to the credit.

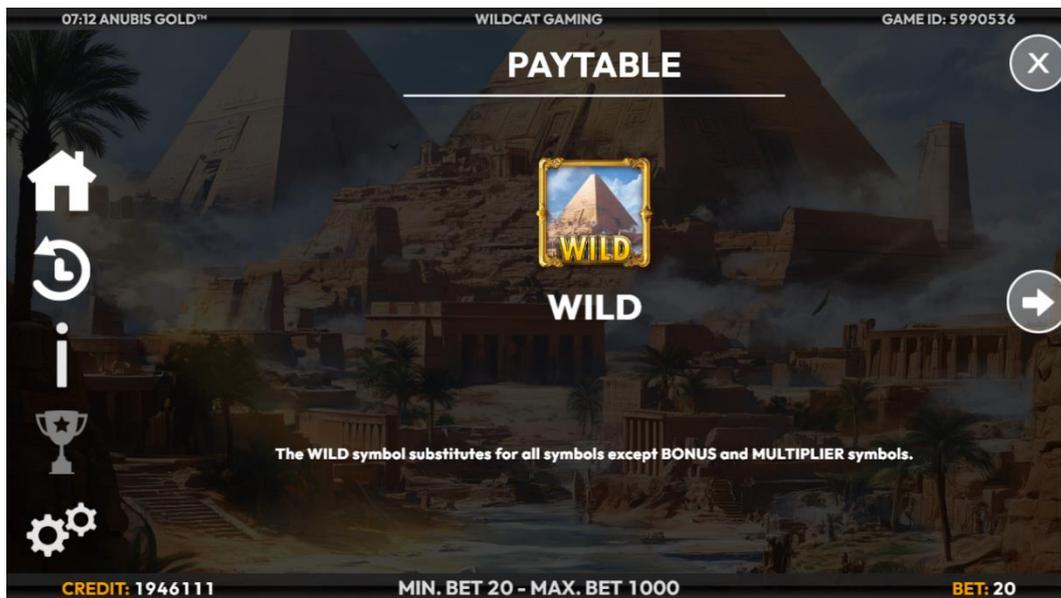

After the achieved wins have been added to the credit, bets can be placed anew.

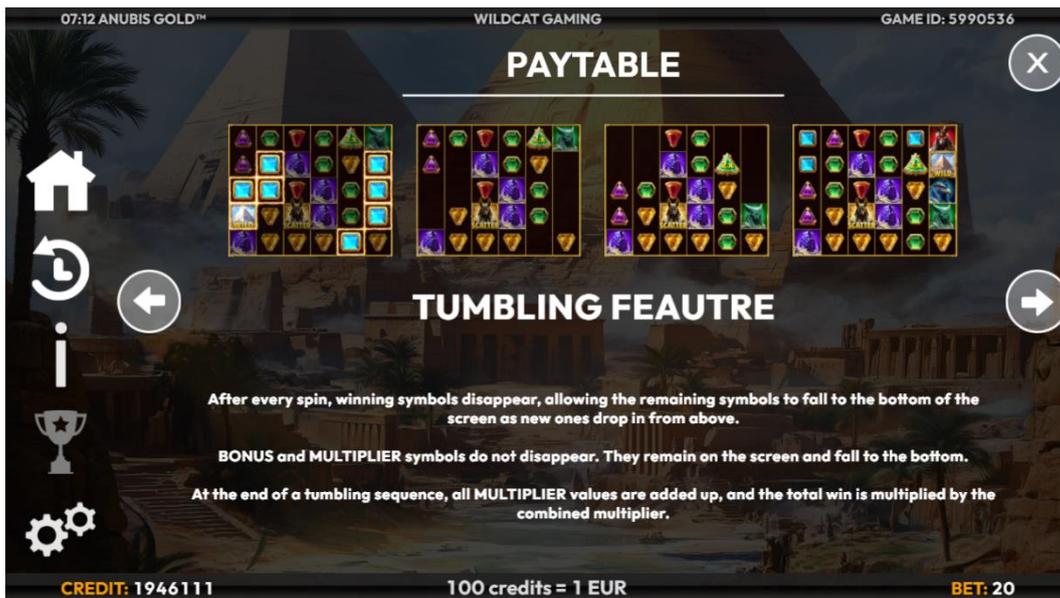

The win plan respectively the onscreen help can be displayed at anytime by pressing the *HELP* button (or in this case win plan).

Help / Paytable

The help menu opens when pressing the *help* button. This has its own button panel.

History

Tumbling Feature

After every spin, winning symbols disappear, allowing the remaining symbols to fall to the bottom of the screen as new ones drop in from above.

Bonus and Multiplier symbol do not disappear. They remain on the screen and fall to the bottom.

At the end of a tumbling sequence, all Multiplier values are added up, and the total win is multiplied by the combined multiplier.
