The Game

After the desired stakes have been chosen the game is started with *START*. After the reel run the achieved winning combination is displayed among others by illuminated win lines and the win is added to the credit.

After the achieved wins have been added to the credit, bets can be placed anew.

The win plan respectively the onscreen help can be displayed at anytime by pressing the *HELP* button (or in this case win plan).

By a click on the symbols on the reels the player can get information regarding possible wins with a sufficiently great amount of the respective symbols.

Help - Menu

The help menu opens when pressing the *HELP* button. This has its own button panel.

Coin Booster

Coin symbols with values are available in a range of 1-20x bet.

If 3 or more Coin symbols appear on any position the values on the Coin symbols are added to the line wins.

If the Coin Booster is activated the values on the Coin symbols are increased and are available in a range of 4-100x bet.
