The Game

After the desired stakes have been chosen the game is started with *START*. After the reel run the achieved winning combination is displayed among others by illuminated win lines and the win is added to the credit.

After the achieved wins have been added to the credit, bets can be placed anew.

The win plan respectively the onscreen help can be displayed at anytime by pressing the HELP button (or in this case win plan).

By a click on the symbols on the reels the player can get information regarding possible wins with a sufficiently great amount of the respective symbols.

Fruit Star Game Rules

Game Overview

- Fruit Star is a 3 reel, 3 row fruit slot featuring Stacked symbols and WILD substitutions.
- The game is played with 27 lines (fixed).
- Line wins pay leftmost to right on adjacent reels.
- All wins only occur on active lines.
- Only the highest line win is paid on each line played.
- Line wins from different lines are added.
- If a win of nine same symbols is achieved, the resulting win will be doubled up.
- Win combinations with a STAR symbol pay according to the payable.
- All values in the payable are based on the current bet. These values will be changed automatically if the bet will be changed.
- Payouts according to the payable are made only if the specified number of symbols is of a kind.
