The Game

To start the game, the chips must be placed on individual numbers or combinations of numbers according to the rules of roulette.

In addition, it is possible at any time to move chips that have already been bet by pulling them to another field or to remove them from the table by pulling them.

To make the selection easier, the fields are illuminated as soon as the chips are pulled over them.

Pressing the start button starts the game.

Help - Menu

The help menu opens when pressing the HELP button. This has its own button panel.
