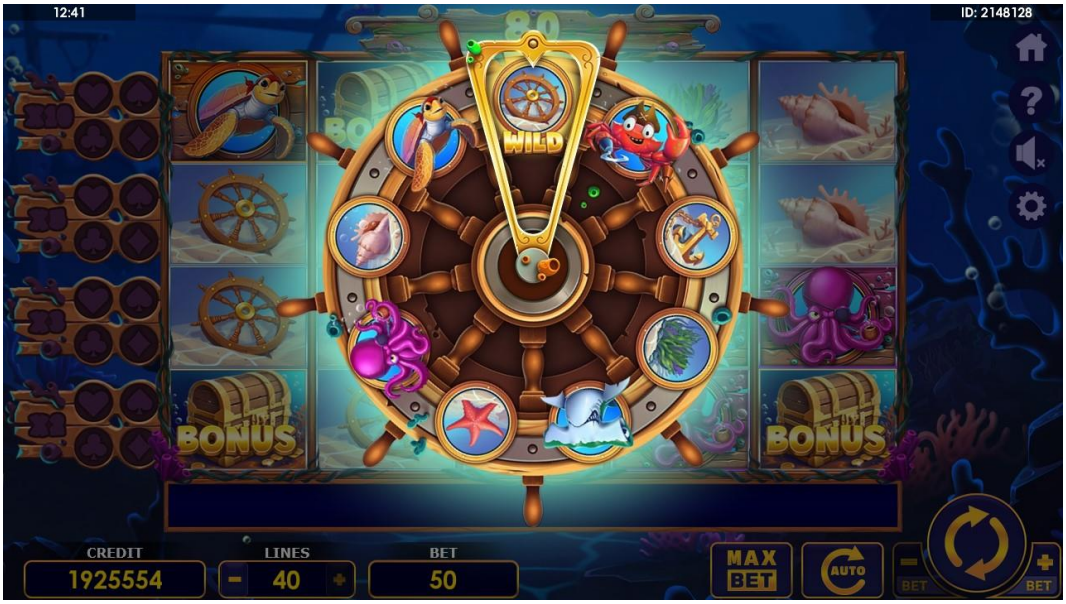
Bonus Feature

3 or more Chest symbols on any position win 8 Bonusspins.

At the beginning of the Bonus the Extra Wild symbol is randomly selected; it could be any except Chest.

The selected symbol becomes Wild only on reel 2, 3, 4 and 5 and substitute all symbols except Chest symbol during the Bonus.



Extra Wild symbol is selected

Both the existing Chest symbols at the beginning of the Bonus and the Chest that appear during the Bonus are opened and the Coins that come out are collected.

A Chest symbol can be either empty or contain one or two Coins. Each Coin with a dedicated card suit can be collected a maximum of four times.

Bonusspins

Every time a set of Coins is completed, additional Bonusspins are awarded with an increasing Multiplier which is applied to all wins in the Bonusspins starting with the next Bonusspin.

1st set complete: +5 Bonusspins, Multiplier x2

2nd set complete: +4 Bonusspins, Multiplier x3

3rd set complete: +3 Bonusspins, Multiplier x5

4th set complete: +2 Bonusspins, Multiplier x10

additional Bonusspins / increasing Multiplier

If at the beginning of the Bonus a set of Coins is already complete, the additional Bonusspins are awarded and the higher Multiplier is activated.

If more than one set of Coins is completed within a Bonusspin, the additional Bonusspins for each set are awarded and the higher Multiplier is activated.
